Trick-or-Treating in Missouri Hall for Local Children

You can take part in an wonderful Missouri Hall tradition. Each year local children from the Kirksville area come to MO Hall to trick-or-treat. It's awesome! You can't help but smile when they come down the halls.

But here's the deal: the kids need rooms they can drop by to get candy from. That's where you come in! You can sign up to pass out candy from your room 6:00-8:00 on Halloween night. It's finished in plenty of time for you to head off to any other Halloween plans you might have.

See your Student Advisor for the sign-up sheet. You need to sign up by Wednesday, October 28 so that people can make the "Trick-or-Treat Here" sign for your door. You'll need to pick up your own candy from the store for the night, so be sure to get something the little kids will like! Thanks for helping kids out with this fun tradition!

Haunted House Competition

So when the kids come by, they need to feel like MO Hall is good and scary. This is where the annual haunted house competition comes in. Your house decorates your lounge and turns it into the best haunted house you can make. MO Hall started what is now a campus-wide competition for the best haunted house. It could be your house this year!

Touch base with your Student Advisors to get your house into the competition. They've got all the guidelines and would love to help you get started.

Guides Needed for Trick-or-Treating

Candy? Check. Haunted houses? Check. If only the kids could find their way around our confusing building! We need your help. We are looking for Missouri Hall residents who could take groups of kids and their families around MO that night as they go trick-or-treating. How fun! It's also a great outreach to the community.

If you can help out that night, email Heather Wikowsky at hbw2868@truman.edu.

Where Are You Living Next Year? Make It MO Hall!

Wow, it's just after fall midterms, but already it's time to start thinking about where you want to live next year. There are lots of options both on and off campus, but we hope you'll make MO Hall your home again next year. It's been awesome having you here!

There are so many benefits to living on campus in MO Hall. All your friends are close by in the building. Your walk to class is so convenient. All your utilities (internet, electricity, water, cable) are covered. You don't have to mess with cooking meals every day. The housekeepers keep the place clean. You don't even have to buy toilet paper! These are just a handful of reasons why living in MO Hall again is a great idea.

Everyone on 1st, 3rd, 4th, and 5th floors, you can even squat your current room so no one else makes a move for it. 2nd floor residents, since your houses will be all first-year residents again next year, we always give you first dibs on all the rooms in MO after the squatters are done. Everyone can come home to MO again, and we hope you will!

More information about housing renewal for next year will be coming soon.
